Disclaimer of Product and Services

The information offered in this instruction manual is intended as a guide only. At all times, Datavideo Technologies will try to give correct, complete and suitable information. However, Datavideo Technologies cannot exclude that some information in this manual, from time to time, may not be correct or may be incomplete. This manual may contain typing errors, omissions or incorrect information. Datavideo Technologies always recommend that you double check the information in this document for accuracy before making any purchase decision or using the product. Datavideo Technologies is not responsible for any omissions or errors, or for any subsequent loss or damage caused by using the information contained within this manual. Further advice on the content of this manual or on the product can be obtained by contacting your local Datavideo Office or dealer.

Warnings and Precautions

1. Read all of these warnings and save them for later reference.
2. Follow all warnings and instructions marked on this unit.
3. Unplug this unit from the wall outlet before cleaning. Do not use liquid or aerosol cleaners. Use a damp cloth for cleaning.
4. Do not use this unit in or near water.
5. Do not place this unit on an unstable cart, stand, or table. The unit may fall, causing serious damage.
6. Slots and openings on the cabinet top, back, and bottom are provided for ventilation. To ensure safe and reliable operation of this unit, and to protect it from overheating, do not block or cover these openings. Do not place this unit on a bed, sofa, rug, or similar surface, as the ventilation openings on the bottom of the cabinet will be blocked. This unit should never be placed near or over a heat register or radiator. This unit should not be placed in a built-in installation unless proper ventilation is provided.
7. This product should only be operated from the type of power source indicated on the marking label of the AC adapter. If you are not sure of the type of power available, consult your Datavideo dealer or your local power company.
8. Do not allow anything to rest on the power cord. Do not locate this unit where the power cord will be walked on, rolled over, or otherwise stressed.
9. If an extension cord must be used with this unit, make sure that the total of the ampere ratings on the products plugged into the extension cord do not exceed the extension cord's rating.
10. Make sure that the total amperes of all the units that are plugged into a single wall outlet do not exceed 15 amperes.
11. Never push objects of any kind into this unit through the cabinet ventilation slots, as they may touch dangerous voltage points or short out parts that could result in risk of fire or electric shock. Never spill liquid of any kind onto or into this unit.
12. Except as specifically explained elsewhere in this manual, do not attempt to service this product yourself. Opening or removing covers that are marked "Do Not Remove" may expose you to dangerous voltage points or other risks, and will void your warranty. Refer all service issues to qualified service personnel.
13. Unplug this product from the wall outlet and refer to qualified service personnel under the following conditions:
 - a. When the power cord is damaged or frayed;
 - b. When liquid has spilled into the unit;
 - c. When the product has been exposed to rain or water;
 - d. When the product does not operate normally under normal operating conditions. Adjust only those controls that are covered by the operating instructions in this manual; improper adjustment of other controls may result in damage to the unit and may often require extensive work by a qualified technician to restore the unit to normal operation;
 - e. When the product has been dropped or the cabinet has been damaged;
 - f. When the product exhibits a distinct change in performance, indicating a need for service.

Warranty

Standard Warranty

- Datavideo equipment is guaranteed against any manufacturing defects for one year from the date of purchase.
- The original purchase invoice or other documentary evidence should be supplied at the time of any request for repair under warranty.
- Damage caused by accident, misuse, unauthorized repairs, sand, grit or water is not covered by this warranty.
- All mail or transportation costs including insurance are at the expense of the owner.
- All other claims of any nature are not covered.
- Cables & batteries are not covered under warranty.
- Warranty only valid within the country or region of purchase.
- Your statutory rights are not affected.

Two Year Warranty

- All Datavideo products purchased after 01-Oct.-2008 qualify for a free one year extension to the standard Warranty, providing the product is registered with Datavideo within 30 days of purchase. For information on how to register please visit www.datavideo-tek.com or contact your local Datavideo office or authorized Distributors
- Certain parts with limited lifetime expectancy such as LCD Panels, DVD Drives, Hard Drives are only covered for the first 10,000 hours, or 1 year (whichever comes first).

Any second year warranty claims must be made to your local Datavideo office or one of its authorized Distributors before the extended warranty expires.

Disposal

For EU Customers only - WEEE Marking

This symbol on the product indicates that it should not be treated as household waste. It must be handed over to the applicable take-back scheme for the recycling of Waste Electrical and Electronic Equipment. For more detailed information about the recycling of this product, please contact your local Datavideo office.

3	1.5 mm Hex Wrench	1
4	2.5 mm Hex Wrench	1
5	Switching Adaptor DC 12V/30W	1
6	TLM-434H Instruction Manual	1

Introduction

Built within a strong 19-inch rack mountable unit, this bank of both HD & SD 4.3-inch (16:9 and 4:3) high quality TFT LCD monitors are perfect for integration into many set ups.

Each monitor has individual adjustments for contrast, brightness and colour saturation as well as LED tally light indication.

Connections include HD-SDI (BNC), SD-SDI (BNC) and HDMI Inputs. Embedded audio is supported on both SDI & HDMI, with superimposed on-screen audio and time code indicator.

All four of the SDI / HD-SDI inputs include a seamless BNC bypass/loop through, ensuring the monitor is an ideal companion for switchers. This product is also perfect for integration within 19" system racks, OB Van, mobile studios and many more applications.

Features

- **Image Control**
Individual adjustments for contrast, brightness and colour saturation
- Colour Temperature Adjustment 9300K, 7500K, 6500K, 5400K or USER defined
- Blue Only Function button
- OSD Embedded Audio Peak Meter
- 3.5mm phone Jack for monitoring embedded HDMI / SDI audio sources with a headset
- OSD SDI embedded Time Code Indicator for SDI and HD-SDI inputs
- Overlay for Cinema Zone, 4:3 Area and Safe Area (OFF / 80% / 90%)
- **19" Rack mountable**
19-inch 2U high robust steel and aluminium design. Tilt up to 90 degrees
- **Video Inputs**
SDI / HD-SDI & HDMI input. Each SDI BNC input with bypass / loop through
- **Resolution**
RGB 480 x 272 pixel panels, handling 16:9 & 4:3 PAL/NTSC auto recognition
- **Tally Indication**
Standard 15-pin D-Sub tally connector for easy integration with existing equipment

Supported Formats

HDMI RGB

- 720 x 576i x 50 Hz
- 720 x 480i x 60 Hz
- 1280 x 720p x 50 Hz
- 1280 x 720p x 60 Hz
- 1920 x 1080i x 50 Hz
- 1920 x 1080i x 60 Hz

SDI / HD-SDI

- 720 x 576i / 50 Hz
- 720 x 480i / 60 Hz
- 1280 x 720p / 60 Hz
- 1280 x 720p / 50 Hz
- 1920 x 1080i / 50 Hz
- 1920 x 1080i / 60 Hz

Connections & Controls

Front Panel

Power Switch

Switches the power On / Off.

3.5 mm Stereo Phone Jack

For stereo headphones. The headphone volume is controlled by the Audio Level button.

N.B. Audio source from HDMI or SDI embedded audio.

Source Button

Select Input source between HD-SDI / SDI and HDMI.

LED ON = HDMI source selected

LED OFF = SDI / HD-SDI source selected

MENU

Calls up the on-screen adjustment menu (See Menu Options for more details).

UP / Audio Level (+) Button

Navigate the on-screen menu and set the functions & levels. Allow you to control the headphones volume (+).

Down / Audio Level (-) Button

Navigate the on-screen menu and set the functions & levels. Allow you to control the headphones volume (-).

BNC connector for SDI / HD-SDI Input and Bypass / Loop through.
Bypass / Loop through BNC connector only works with SDI / HD-SDI input.

HDMI input

HDMI digital signal input connector.
Support HDMI 1.1

15Pin D-Sub Tally Input

Send in red and yellow colour tally signal to tally LED. Red means on-air, yellow means standby. See below table.

DC in socket

Connect the supplied 12V 3A PSU to this socket. The connection can be secured by screwing the outer fastening ring of the DC In plug to the socket.

Tally Input Connector Information Pin Assignment

D-Sub 15pin Female

The pin assignment of the Tally Connector is shown in the following table:

Panel / Source	On Air - Red LED	Standby - Yellow LED
A / 1	Pins 1 & 4	Pins 3 & 14
B / 2	Pins 6 & 4	Pins 8 & 14
C / 3	Pins 11 & 4	Pins 13 & 14
D / 4	Pins 5 & 4	Pins 15 & 14

Powering On

Connect the TLM-434H power supply to the DC In socket. Ensure the power cable is connected to a suitable mains socket.

Switch the power On/Off switch to the ON position and all 4 panels will become active.

Menu Options

The TLM-434H is a menu driven unit; there are 4 menus for each panel. These menus are used to initially set up the unit. The menu settings are non-volatile (settings are stored even when the unit is switched off). So many of the settings will only need to be set once. The On Screen Display menu options are hidden if no button is pressed within a certain time (see Setup menu, OSD Timer).
