

## MB 602 – Studio MatteBox for Movie and HD-Cine production

### Production MatteBox with Swing-Away Design, complete set for individual configuration with further accessories

Swing-Away-Design for quick and easy lens change. Use of two, three or four filters combined with quick-lock filter stages. For bridge plates with 19 mm or 15 mm rods. Connecting diameters of 165 and 142.5 mm fit to Adaptors and Rubber Bellows for all Prime and Zoom lenses of Movie- and HD-Cine cameras. The set includes one large French Flag and adjustable side wings. The 1st filter stage is not detachable and carries the quick-lock; the second compartment of the set holds 3 filters in 2 stages; both stages rotate. The 2nd and the 3rd filter can be precisely positioned by a toothed gear. The 3rd and the 4th filter are located in one stage and can be moved against each other and rotated together.

A flexible shaft and 4 filter holders are also part of the set. Optionally a set of 4 masks is available to optimise shading for lenses with longer focal length. For extreme wide angles, the MB602 is used with the additional single filter stage, rotatable, and with geared positioning.

A further accessory for individual configuration is the double rotatable filter stage.

| Technical data:                                 |   |
|---|---|
| Max. wide angle focus length F=mm               | S16 6 / <b>S35 10</b> / still 16<br>SD 3.9/ <b>HD 4.3</b> |
| Format  | 16:9<br>S35 and HD  |
| Masks for F=mm                                  | 8 / 12/ 20 / 40   |
| Max. filter number / rotating / gear positioned | 4 / 3 / 2   |
| Filter stage width (mm)                         | 177   |
| Filter size (inch)                              | 6.6 x 6.6   |
| Connecting diameter (mm)                        | 165 & 142,5   |
| Support system: bridge plate with rod Ø mm      | 15 or 19  |
| <b>Height adjustment</b>                        | <b>±5 mm</b>  |

## MB 602 – Studio MatteBox for Movie and HD-Cine Production

| Components  | Article number |
|---|----------------|
| MB 602 complete for bridge plates with 19 mm rods | 602-01         |

### Accessories

*The following filter stages can be used instead of the included filter stages:*

|   |            |
|---|------------|
| Single Filter Stage 6.6 x 6.6, rotating, geared | 601-CF-W1  |
| Double Filter Stage 6.6 x 6.6, rotating, geared | 601-CF-W22 |

### Special accessories

|  |            |
|--|------------|
| Insert filter holder 5.65x5.65 use inside 6.6 x 6.6 filter holders                       | 610-01-565 |
| Insert filter holder 5 x 6 to use inside 6.6 x 6.6 filter holders                        | 610-01-56  |
| Insert filter holder multi format 4 x 4 / 4 x 5.65 to use inside 6.6 x 6.6 filter holder | 610-01-45  |
| Filter holder 6x6 without gear   | 610-03     |
| Set of 4 Mattes, for 8, 12, 20 und 40 mm focal lengths                                   | 610-MA     |

### Spare part selection

|   |        |
|---|--------|
| Filter holder 6.6 x 6.6                         | 610-01 |
| Geared Filterholder 6.6 x 6.6                   | 610-02 |
| French Flag for MB 601 / 602                    | 610-09 |
