Desk-Lite 121

KINO FLO[®]
Lighting Systems

Fixture Assembly

DES-121-120

Kino Flo Desk-Lite 121, 120vac
Kino Flo Desk-Lite 121, 230vac

Fixture includes Louver and mounting screws.

Lamp Insertion

Turn power off before inserting or changing out lamps.

Ensure the black insert on the lamp holder is aligned vertically to accept a lamp.

Insert the lamp into the lamp holder and rotate $\frac{1}{2}$ turn.

Louver Placement

The Louver is held in place by Velcro tabs located at each corner of the louver.

Fixture Operation

On/Off switch is lighted when power is present.

Turn power off before inserting or changing lamps.

Fuse: Replace with 2.0A time delay fuse.

Applying Gels and ND

Option #1

Cut gel or Neutral Density filter to 13.5" x 4" (34 x 10cm).

Use adhesive tape to secure the gel to the outside of the fixture.

Ensure that the air vents are not obstructed.

Option #2

Cut the gel to 12.25" x 3.25" (31 x 8cm) and place it inside the fixture with the natural curl of the gel pointing down.

Insert the Louver to hold the gel in place.

Fixture Mounting

Adjustable hinge mount has two screw holes for mounting the fixture to a flat surface.

Screws for mounting are included with the fixture.

Fixture hinge tension is adjusted by the central Phillips head screw.
