

A-E2Kpm V-Mount Adaptor for AJA Ki Pro Mini

The A-E2Kpm from IDX is a rugged V-Mount sleeve and mounting adaptor for the AJA Ki Pro Mini flash disk recorder. With the Ki Pro Mini's HD / SD recording options, it is ideally suited to filming with a variety of modern ENG cameras. Attaching directly to the camera V-Mount, it allows 14.4V V-Mount Li-ion batteries to provide power for both the Ki Pro Mini and the camera.

A-E2Kpm Product Features:

- **Compact housing for the AJA Ki Pro Mini**, to attach directly to the camera V-Mount
- **Integral P-V2 plate** allows direct attachment of 14.4V V-Mount Li-ion batteries to power the Ki Pro Mini and camera simultaneously. The 2-pin D-Tap output will allow battery voltage to be drawn for an on-board camera light or accessory if required
- **Hinged top hood offers protection** for the LCD panel and flash card media slots in outdoor conditions, enabling cards to be swapped out without removing the Ki Pro Mini or A-E2Kpm from the camera
- **A-E2Kpm housing provides clear access** to the Ki Pro Mini's control panel and input/output connectors
- **Integrated XLR power cable**, for connection into the XLR power terminal at the base of the Ki Pro Mini
- **Simple and secure fitting** of the Ki Pro Mini to the A-E2Kpm using just 4 screws (supplied by IDX)
- **Compatible with all IDX ENDURA V-Mount Li-ion Batteries**
- **Universal V-Mount connection** enables the A-E2Kpm to be used in operation with the CW-5HD Wireless Transmitter or the A-CA74E Shoulder Stabilisation System

Technical Specification

D-Tap Output:

14V DC battery voltage output (50W max.)

Dimensions:

113(W) x 134(D) x 180(H) mm approx.

Weight:

700g approx.

Accessories Included:

UNC 1/4-20 screws x 4
