**SKU:** CAM-WS-RED-WEAPON-GEMINI  
**EAN/UCC:** 871859167 2934

Resistant against:

### Description

The camRade wetsuit RED WEAPON/GEMINI gives your RED WEAPON or GEMINI camera the ultimate protection in bad weather conditions. The cover is made of a supple water-resistant fabric with a soft lining to reduce unwanted sound effects during operation.

This rain cover offers room for the monitor on top of the camera to be flipped open during operation and also covers the viewfinder. It has clear vinyl windows for maximum visibility when adjusting the menu, audio input select level and other controls.

The wetsuit also reduces the chance of the camera overheating by allowing hot air to escape via several openings. The bottom has hook and loop fasteners to secure the cover to the camera.

This item will be delivered to you in a waterproof pouch with zipper, which you can use for storage and transportation of the cover when not in active use.
